BEFOUR

Extreme accuracy & reliability in a rugged, easily portable design...

Befour® Take-A-Weigh PS6600ST Portable Scale

The nation's top-selling sports scale for the past decade. Renowned in youth sports that require precise weight measurements on the go. New "Super Tuff" ST platform features one-piece cast aluminum construction that is lighter, stronger and more durable with safe rounded corners and a recessed, non-skid rubber mat. New "Plug & Weigh" cable system connects the platform to the console with a standard USB cable. Should the cable ever be damaged, replacement takes only minutes and can be easily done by the scale user. Powerful NiMH (nickel metal hydride) batteries are environmentally-friendly and provide a long life with more weighings per charge. Pin point accuracy of +/-0.1 lb. Powered by extended life rechargeable battery or 120V AC adapter. Quick insert/detach connections. Reinforced USB-grade molded cables. Quadruple strain gauge technology. Advanced microprocessor design. Durable, lightweight aircraft grade aluminum construction. Platform Dimensions: 16" x 18" x 13/4". Weight Capacity: 500 lbs. or 225 kg. Accuracy / Resolution . . . +/-0.1 lb. (+/-0.1 kg.). Power Source: Rechargeable battery or 120V AC. Readout: Bright 3 1/4" LED digits. System Weight: 16 lbs. Industry-best 3 year warranty.

FEATURES/SPECIFICATIONS

- **Auto Zero:** scale automatically returns to zero after each weighing
- **Auto off, tare, weight recheck**
- **Dual Power:** Plug into wall outlet or use internal rechargeable battery
- **Weight measurements in pounds or kilograms**

Quick, reliable, and extremely accurate in high-volume environments...

Befour® FS0961 Pro-BMI Scale

Battery power allows user to place scale anywhere — no outlet or re-charging needed! Efficient design allows batteries to last over 80,000 measurements. Quick 2-second weight measurement, plus one button weight recall and reweigh in either pounds or kilograms.

- Quickly displays Body Mass Index
- Pin point accuracy of +/-0.1 lb.
- Larger platform for greater stability
- Programmable to your specific needs
- Rugged, lightweight, all-metal construction
- Easy assembly

FEATURES/SPECIFICATIONS

Body Mass Index Calculator: Dual-mode BMI calculator allows user- or assistant-operation to provide quick and easy BMI calculation.

Unique MotionLock Technology: Incredibly accurate measurements, even for unsteady users.

High Capacity Tare: Resets scale to zero, even with weight on platform (i.e. mother-child function).

Push-Button Calibration: Set calibration via keypad entry with no tools needed.

"Always-On" Option: For unequalled speed of measurement, set up the console so that no buttons need to be pressed for normal weighings.

Programmable Settings: Tailor the console for your specific needs including auto-off time, audible beep, lb. or kg. lockout, BMI clothing allowance, "always-on" activation.

FS0961 DISPLAY FEATURES:

- Alkaline batteries provide exceptional life
- BMI calculator with programmable clothing allowance
- NEW! "Always-on" option
- Weight read in pounds or kilograms
- NEW! Programmable lb/kg lockout
- Programmable auto-off: 12-seconds to 25-minutes
- Auto-zero
- Weight recall and reweigh
- NEW! Audible sound indicates that weight is "locked in"
- Durable anodized aluminum construction
- Large 1" easy-to-read digits
- 3-segment battery life indicator

FS0961 \$709.99 (Add \$30.00 for shipping.)

*Not a compliant piece of equipment to administrate the wrestling weight certification assessments.

Order AND Customize All Your Team Gear... All At One Place! We Make It EASY!

Trust us to handle your team gear, from head to toe!

● Attention & Communication

We take the time to walk you through every step of the process toward developing your team uniforms. From quoting, finding artwork, establishing your project's completion date and ship date, to follow-up on satisfaction... we are with you every single step of the way.

● Experienced In-House Screen-Printing & Embroidery

These days, most singlets are made with sophisticated tech fabrics, which require special procedures to decorate properly. We're familiar with these unique properties, and your local screen-printer may not be.

● Artwork Services

Our talented graphics department is ready to produce a look you'll take pride in. Taking creative and technical factors into account, we provide terrific solutions that are both attractive and practical. Our designs pop, and coaches love that!

● Athlete-Owned & Operated

Since 1981, we have earned a reputation among coaches for simplifying the process of acquiring and decorating team gear. It's no accident. Our founders started this company as a wrestling family who wanted to enhance purchase opportunities for teams and individuals. We stay true to that commitment. Both of our current Vice-Presidents are also former student athletes. Our National Sales Manager has 25 years experience at scholastic and collegiate levels as a wrestler and wrestling coach. Our Customer Service Manager has 15 years experience, and is also the parent of a student athlete. We can offer you the right solutions for wrestling needs because we've been there.

Let us be your one-stop wrestling gear provider.

Call one of our Team Specialists now at 1-800-756-3555 to answer your questions and quote your team's gear from head-to-toe!

TANITA

CERTIFIED FOR LEGAL TRADE SCALE WITH LATEST WRESTLING ALGORITHMS!

Tanita® TBF-300WA Wrestling Body Composition Analyzer Scale

Monitor body composition with just the push of a button instead of the squeeze of a caliper. This compact and portable certified Legal for Trade scale boasts the Goal Setter feature, which lets you create healthy target percentage body fat levels. Also features a "Wrestler Mode" which helps determine a wrestler's "Minimum Wrestling Weight" based on established guidelines. It also features a separate digital display with built-in thermal printer. Athletes use body composition to fine tune their performance. The TBF300WA absolute precision 300,000 uses before re-calibration. Portable power AC adapter. Weight lock tare. Capacity 440 lbs. x 0.2 lbs. Platform measures 13.5" x 7.9" x 3.5". Most recent BIA research data for high accuracy. Modes for high school wrestlers (7% mode) and college wrestlers (5% mode). Accurately measures and prints a report detailing: Body fat (FAT%), muscle mass, fat free mass (FFM), total body water (TBW) and basal metabolic rate (BMR). **TBF300WA \$1,795.00** (Add \$20 for extra freight.)

Tanita® Software for Tracking Your Progress Toward Fitness Goals!

Tanita® Health Management Software CD-ROM

Tanita's PC software interfaces directly with the Tanita TBF-300WA Wrestling Body Composition analyzer scale to provide custom educational information, instructions and planning materials to help get the most out of body composition analysis. "Goal Setting" feature allows you to determine how much fat you might need to gain or lose to achieve a targeted body fat percentage. **HMS \$169.00**

Hydration Compliance Made Safer & Easier Than Ever!

Accurate, worry-free testing of Urine Specific Gravity to determine acceptable hydration levels. Quick and easy cleanup!

Fast, safe, hygienic measurements

Quick, easy cleanup!

Atago® Pen-Wrestling Digital Hand-Held Pen Urine S.G. Refractometer

Offers the preferred method of testing to meet NFHS weight certification guidelines without the mess and hassle. Extremely easy to use, safe and hygienic!

- Calibration with water only.
- Measurement in 2 seconds.
- Extremely water-resistant (IP65).
- Light and compact (70g).
- Easy one-handed operation.
- External Light Interference (ELI).
- Convenient storage case.
- Automatic Temperature Compensation.

SPECIFICATIONS:

Measurement range: Urine S.G. 1.0000 ~ 1.0600

Resolution: Urine S.G. 0.0001

Measurement accuracy: Urine S.G. +/- 0.0010

Measurement temperature: 10 ~ 35-Degrees C (ATC)

Measurement time: 2 seconds

Power supply: AAA alkaline battery x 1

Battery life: Approx. 8,000 measurements (when an alkaline battery is used)

International Protection Class: IP65 Water resistant (Prism head:IP67)

Dimensions and weight: 160(W) x 38(D) x 18(H)mm, 70g

3749 \$394.99

Easily tests hydration levels of athletes.

Urine Reagent Strips

Simple, easy to use reagent strips for the detection of key diagnostic chemical markers in human urine. They are the same test strips used routinely by doctors, laboratories and healthcare professionals in preliminary diagnosis of, and initial screening for potential health problems. Each vial of urinalysis reagent strips includes a color coded chart. The reactive color of each panel on the test strip is compared to the closest corresponding color on the result chart. Each container includes 100 strips. **URS10 \$59.99** (100 strips)
